

Spalding Parish Church of England Day School

5th February 2021

Dear Parent/Carer,

Year 2 Design and Technology Task - Fruit Salad

This term, as part of our Design and Technology curriculum, Year 2 have been looking at producing a meal as part of our unit on cooking. So far in our remote teaching, we have looked at food groups and actions needed to help prepare a meal.

On Friday 12th, for our final non-live DT lesson of the term, we would like to make remote learning as enriching and practical for our children as possible. They will be asked to prepare and create their own fruit salads using fruits of their own choice. We would therefore ask that, if possible, you have a selection of 4-5 fruits available to your children so that they can take part in this task. We would also then like you to take photos of the finished product and send them to your child's Class Teacher either by Teams or by emailing Y2@spaldingparish.lincs.sch.uk.

As a Year 2 team, we really appreciate the support you have given to our remote learning live sessions and curriculum this term and thank you in advance for your cooperation with this Design and Technology task.

Kind regards

The Year 2 Team
