

INKJET CARTRIDGE RECYCLING

Dear Friend,

If you haven't already heard about our fantastic schools printer cartridge recycling program, let us introduce you! We are working with your child's school to help raise funds through the recycling of ink cartridges and we would love for you to be part of it. Getting involved means that you can help reduce landfill and raise lots of vital funds for your school along the way.

Recycling is as easy as 123:

- ① Place your cartridge(s) into a collection box that is located in your school.
- ② Full boxes returned to The Recycling Factory free of charge.
- ③ The Recycling Factory will then process your cartridge(s) and the money will be paid into your schools account.

One school returning 4 full boxes per year, averages 400+ cartridges collected annually. Your school can potentially raise **£260+** per year.

Did you know?

A cartridge can take up to 1,000 years to decompose, so recycle your used cartridges today for a cleaner tomorrow. Simply bring them into school and drop them into the collection box.

Your school will receive up to **£1** for every ink cartridge successfully recycled. The collection box will be trackable to your school, so we can keep tabs on exactly how much you have raised through the scheme.

**I am a recycling
SUPERHERO!**

Anyone can recycle for your school – pupils, teachers, friends of the school, the PTA, local businesses – the list is endless! It's fundraising for your school made easy!
