

Spalding Parish Church of England Day School

18th September 2020

Dear Parent/Carer,

As part of our Science curriculum for the first term, our weekly lessons will focus on the scientific process through **Science for One**: practical science lessons while respecting social distancing.

In order to successfully deliver these lessons, we kindly request that children come into school with the common household and waste items below.

Week beginning 21st September = plastic bottle

Week beginning 28th September = egg box

Week beginning 5th October = box

Week beginning 12th October = foil

Week beginning 19th October = drinking straws

Any homes or families able and willing to donate more than one of the above items are greatly appreciated.

We ask that the children do not bring the item(s) into school until the Monday of the week specified, but we hope that by informing you in advance, you can keep them at home rather than throw them away. Thank you for your support.

Yours sincerely

Miss Newnham, Mr Robinson and Mrs Cooper
