

Spalding Parish Church of England Day School

30th March 2022

Dear Parent/Carer

EYFS Design Technology Term 4 – Easter Nests

As part of our Design Technology Curriculum the children in EYFS and the Year One children in FS2YIAC will be designing and making Easter Nests. This will link to our RE as we learn about how Christians celebrate this special time of year and also within Science when we think about changing states of matter such as melting chocolate.

The ingredients available are:

- Milk chocolate
- Shredded wheat
- Cadbury's mini eggs

Although you have already informed us when your child started school of any allergies that they may have, please can you confirm again, on the attached slip, so that we have the most up to date information of any dietary requirements that may affect your child's opportunity to sample the food tasting.

We are looking forward to this fantastic 'hands on' learning opportunity for the children. If you have any questions or concerns regarding this activity then please do not hesitate to speak with one of us using the FS2@spaldingparish.lincs.sch.uk email or by speaking to us at the start or end of the school day.

Yours sincerely,

Annabel Cooper, Laura McWilliam and Laura Hornsby.
