

Spalding Parish Church of England Day School

# My School

Welcome to our school family. Here are some of the people that you will meet at our school and what their special job is.

**Mrs Mulley** is our Head Teacher. She works very hard to make sure that everything at our school is fabulous. She is in charge and makes sure the whole school community is happy.

**Mrs Hill** is our Deputy Head. Mrs Hill helps to keep everyone in our school safe. If you are ever worried, Mrs Hill is always there to listen.

**Miss Bird** is our Assistant Head Teacher. She loves reading and is in charge of making sure that the learning in school is packed with fun!

**Mrs Cooper** is one of the EYFS class teachers but is also responsible for looking after the children and teachers in EYFS. She helps to make learning fun especially Phonics and Reading.

# Our Fabulous EYFS Team

Everyday, the people below will be there to greet you and make sure that you have a brilliant day. They will help you if you find something hard, if you fall over but most importantly they will make you smile!

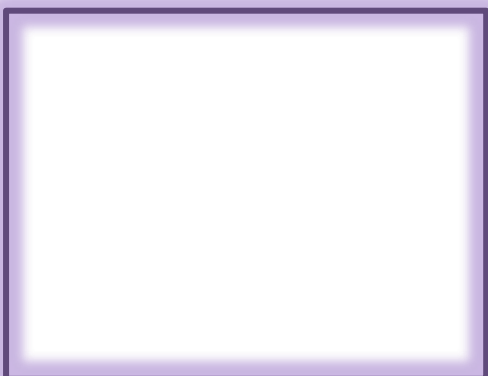

## Teachers

Hello, my name is Mrs Cooper. I live with my husband and my three children. We have 3 rabbits, a hamster and a crazy puppy! I love singing and dancing and I can't wait to join you on your learning journey.

Hello,

## Teaching Assistants

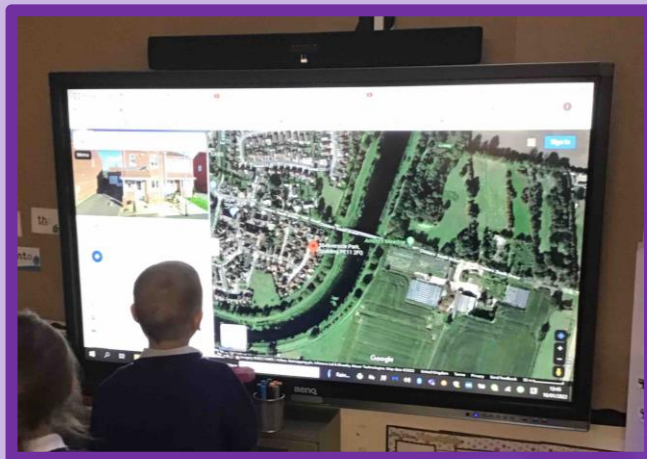

Mrs Russell and Mr Waldron both work in EYFS. Their favourite part of the day is independent learning time when they get to play alongside you and help your ideas come to life.

# Our Learning Spaces

## Sky Room

Do you love to ask questions about how the world works? Then you will love to explore this room! In here you can make experiments, program the beebots and use your observational skills to answer your own questions. You can use your knowledge of the world and maps to create cities and towns with the train track and cars.

## Land Room

Do you enjoy being creative? In the Land Room you can develop your creativity skills and explore how to express yourself. Maybe you want to put on a show, develop your drawing and painting skills or recreate famous pieces of work! In this room you can explore stories with your friends and recreate them or use the natural world to create your own masterpiece!

## Sea Room

Sometimes we all need a quiet space to relax and process what we are learning. Our Sea Room is being developed into a sensory space. In this room you can have some quiet time, share a book with your friend or close your eyes and listen to the calming music.

\*Please note this picture is not our classroom as we are working hard to change it!

## English and Maths

You will find English and Maths activities in all the rooms that you explore.

## Outside

All of the adults love learning outside! I wonder if you can see somewhere where you would like to explore?
