

# Spalding Parish Church of England Day School

*Wholly inclusive, striving for fulfilment, empowering the flourishing of our world*

5th June 2026

Dear Parent / Carer,

## **Science and Spirituality Week**

Each year we celebrate a science week at Spalding Parish. Every afternoon of the week beginning 15<sup>th</sup> June, the children will take part in an activity based on a different area of Science learning. As a church school, we are continually looking for moments of awe and wonder around us and thinking about life beyond ourselves. This idea of spirituality fits well with our science learning and so this year we will be adding a spirituality focus each day. We will consider awesome creations in nature, life beyond our planet, the individuality of all God's creatures amongst other things.

At the end of the week, we are going to be considering what makes us unique, and the children will create a collage self-portrait to represent themselves. We would like to invite you to join us to create this piece of artwork with your child at 2.00PM on Friday 19<sup>th</sup> June. At 1.55PM the gate on the Cow Path will be opened and you will be able to go to the door of your child's classroom. If you have more than one child, please collect the younger children and take them with you to the oldest sibling's classroom. The children will then return to their classroom at 3.00PM in order to collect their things and will be dismissed at the usual time. You are welcome to bring some collage materials with you if there is anything specific you would like to use.

We look forward to sharing some family time together and seeing the artwork that the children produce.

Kind regards,

Claire Hearth
