

# European Detectives

## Europe

Kilometers  
0 100 200 300 400 500

### Science

In Science we will look at classification of living things and learn to make dichotomous keys to identify them.

We will look at how environments change, and how we have an impact on this.

### Design Technology

We will look at cooking and nutrition, learning about and making European foods.

### English

We will look at books from European authors including The Little Prince from France, Fairy Tales by Hans Christian Andersen from Denmark and David Walliams as a British author.

### RE

We will look at Christianity and the importance of Holy Communion. We will then learn about the different practises of denominations of Christianity.

### PE

We will make up some dances to traditional European Music. In outdoor PE we will learn to play net and wall games. Such as tennis.

### Art

We will look at work of some famous sculptors. We will use a variety of materials to create our own sculptures including clay and willow.

### PSHCE

We will look at the themes of Friendship and Bullying followed by contrasting our lives with that of a child in Africa.

### Geography

We will locate countries in Europe on maps and globes and investigate their physical and human features.

### Music

We will listen to music from different European countries. We will continue to learn to play the recorder and sing songs in parts.
