

## Year 2

Lions and leopards,  
Cheetahs with spots,  
Aboriginal art,  
Women carrying pots,  
Let's open the door way,  
Hop on the plain,  
Your view of the world,  
Will not be the same!

### Geography

We will be developing our understanding of the World Around us by exploring and comparing the different climates, landscapes and habitats of Africa and England.

### English

Pride Rock will launch our creative minds as we explore creative writing and setting the scene before we create fact files about African life.

### Music

Music will provide us with the opportunity to learn about beat and rhythm before we embark on learning some African style drumming.

### Art/DT

Throughout Terms 3 and 4, we will be exploring drawing. We will begin by developing the control over different pencil pressures before moving onto observational drawing.

### Science

In science we will be exploring different habitats, learning about animals that live there and what the habitat offers in order for survival.

### RE

Our focus this term is on Christianity.

### Mathematics

This term we will be exploring money before developing our understanding of multiplication and division.

### Computing

In Computing this term, we will continue to develop our programming and debugging skills by using Scratch. We will also continue to review e-safety practices.

# Sensational Safari!
