

What a Wonderful World!

Year 3

Terms 3 and 4

Let's go on a world tour and find out about the world we live in and where we live!

English

Building on their learning from Terms 1 and 2, the children will be developing and enriching their vocabulary throughout their work on 'The Snowman' by Raymond Briggs and a selection of poems on a winter's theme. In Term 4 the children will be writing their own tourist guide to Spalding! Regular Spelling tests will continue.

French

Children will learn key vocabulary for the French Language linked to our work in the classroom.

Science

Term 3 and 4

We will be learning about animals including humans and we will investigate skeletons.

Art/DT

In Design and Technology we will look at healthy eating and designing and making our own healthy snack.

Art will be linked to tulips, reflecting our local heritage and building on our skills of sketching and introducing colour shading.

Geography

Children will be developing their understanding of our locality, moving onto a wider look of the UK including cities, counties and regions.

Mathematics

We will be continuing our learning on Multiplication and Division then moving onto Measurement, Statistics and Fractions. The children will apply their learning through solving problems and reasoning.

P.S.H.E.

It's my Body! The children will learn about making safer choices about their bodies, sleep and exercise, diet and cleanliness.

P.E

Swimming will take place on a Wednesday morning where the children will either be taught to swim or develop their existing skills. Outdoor P.E. will move to Tuesday afternoon.

RE

Christianity - we are looking at the symbols in Christianity. The children will visit Church to find the symbols.

Our door is always open to discuss any worries or celebrate successes.
